

Senior Scientist – Consumer & Sensory
HP13090
South East, UK
£30-35k + Benefits

Working with a world renowned agency this role would suit an experienced sensory & consumer professional wanting to develop both personally and professionally.

The Senior Sensory scientist will spend their time working with clients on a wide range of projects, supporting the team and developing lasting relationships with the clients. You will have the opportunity to work on challenging projects and develop new methodologies. Presenting your work both to clients and to the wider sensory and consumer community at conferences.

The Sensory Scientist will have a BSc in appropriate field with a Sensory/Consumer science element or further qualifications in this area. They will have experience in sensory tests and panel management, experience of fragrance would be useful but those from food/flavours would also be considered. A good working knowledge of FIZZ, compusense and statistical analysis with a broad range of sensory experience. Good team working and communication skills, client facing experience would also be useful.

Interested parties should apply with a full CV in word format to Hannah.parish@ssssltd.com or call +44 1869 341203 for a confidential discussion.
